

Emergency

Emergency Nutrition Solution to Save Lives and Money

Meals for all

Solution

Reduce Emergency Nutrition Risk and Preparation Expense

Meals for All emergency meal solution has transformed emergency meal preparation for healthcare communities. During an emergency or disaster, using disposable meal service items creates additional operational challenges. The trash piles up due to bulky foam products which do not easily crush and are not biodegradable.

Simple Solution for a Complex Challenge

Emergency preparedness requires storage of numerous cases of bulky items which are all miss-matched case sizes and quantities. Does this picture look familiar?

"The Meals for All dining kits require half the storage space and are twice the quality of foam products." A.M., FSD Sacramento, CA

Complete Compact Convenient Dining Solution

Everything needed to serve meals to 150 people. The **Meals for All Dining Kit** is packed in one sturdy case, the same size as 6 - #10 cans!

- 150 heavyweight black divided plates that are microwave safe
- 150 clear 12-ounce beverage cups
- 150 large heavyweight spoons
- 150 quality napkins

Simplify disposable purchases, storage, inventory, & refuse!

Emergency Meal Preparedness Made Simple

- Simplify disposable purchases!
- Simplify disposable storage!
- Simplify disposable inventory!
- Simplify disaster meal service!
- Simplify disposable refuse!
